

New in Sweden

From newcomer to Sweden, to new to the job.

Welcome! We have coaches and teachers from all over the world. Many of our members of staff have been in exactly the same position as you are today: new to Sweden. With us you will meet committed people who will help you find your way in Swedish working life and society. Our goal is for you to feel secure in Sweden. And for you to find work quickly or a course that will help you get a job that suits you. You can also get help starting up your own business.

This page has been translated into different languages to give you an overview of what we can help you with. All the information on the rest of our website is in Swedish.
